The GSM Medi-Minder alarm service from Red Wolf High Level Monitoring is about improving lives, working to transform the provision of safe independence for the most vulnerable in our society and the safety at work for those caring for the vulnerable.

HOW IT WORKS: If the Pendant or help button is pushed the Red Wolf Monitoring team receive an emergency signal. The Medi-Minder caller ID number is called by the Red Wolf Medical Alarm Operator, and within 2 rings the 'two way' communication opens which allows the client to

speak through the base station without having to answer the actual phone.
